

## **CASUALTY EVACUATION EXERSICE**

Another Casualty Evacuation Exercise has been successfully conducted at sea aboard ITS MARTINENGO, under the framework of EUNAVFOR ASPIDES.

These regular training activities are essential to maintaining a high level of operational readiness and ensuring an effective response to any potential incidents.

EUNAVFOR ASPIDES has a totally defensive mandate, contributes to regional stability and prosperity by providing safety to fellow seafarers and protecting global common goods.
